

DEATH LIST IS GROWING FROM POISON WHISKEY

Seek Source of Drink Manufactured from Wood Alcohol

'CORONER'S COCKTAILS'

CHICOPPEE, Mass., Dec. 27.—District Attorney Ely of Westfield, who has been investigating the deaths of more than 45 persons in the Connecticut valley as the result of drinking wood alcohol in whiskey announced tonight that Alex Perry, proprietor of the American House in Chicopee Falls, had confessed to buying fifty gallons of the concoction in Hartford, all except five of which were sold.

The district attorney also stated that five other gallons had been traced to the Polski Hotel in Holyoke.

According to Mr. Ely who had refused bail of \$10,000 to Perry earlier in the day on the charge of manslaughter, Perry stated he bought the liquor thru Sam Darling, of Hartford, an expressman, who is under arrest there. Perry told the district attorney he had no idea the liquor was poisonous. After the confession Perry was released.

The dead were increased to 45 in the Connecticut valley tonight with the death of another Chicopee man. The deaths are now divided as follows:

Chicopee, 33 men and 2 women. Springfield, 3 men and 1 woman. Holyoke, 6 men.

Greenfield, 1 man.

Charge Law Violation

Pittsburgh, Dec. 27.—Four physicians and a druggist were arrested today by a deputy United States marshal and held in \$1,500 bail each on a charge of having violated the war time prohibition law. The physicians were charged with "knowingly and unlawfully prescribing whiskey" for a special agent of the department. The druggist was charged with having sold to the federal agent "a quart of whiskey for beverage purposes."

CHICOPPEE, Mass., Dec. 27.—The death list resulting from the drinking of "whiskey," said by Medical Examiner Fletcher to contain wood alcohol, during Christmas festivities had reached 45 in this city, Springfield. With field and Holyoke deaths in Hartford, reported thirteen, the figures were nearing the sixty mark and it was expected that before the night had passed, the toll would be much higher.

The first death in Greenfield was reported tonight and it was stated that several other persons are ill.

District Attorney Ely of Westfield, today questioned several saloonkeepers and hotel owners here and in Holyoke. Alexander Perry, owner of the American House in Chicopee Falls which was held under \$10,000 bail on a charge of manslaughter after pleading not guilty, was among those questioned.

All saloons in this city and Holyoke were closed today on orders from the district attorney. Every hour brought news of new cases. The Mercy Hospital ambulance of Springfield and the Chicopee police patrol was kept busy rushing victims to the hospitals.

Called "Coroners Cocktails."

Chicago, Dec. 27.—Four persons, two women, died today from drinking wood alcohol, making eight such deaths in 48 hours, or 24 since July 1. The authorities were thoroughly aroused and several arrests have been made. Drinks containing wood alcohol were called "coroners' cocktails" by Coroner Peter M. Hoffman who issued a public warning and declared he would attempt to band coroners and other public officials in the country to prevent their sale and consumption. Both the coroner and the city health commissioner, John Dill Robertson, said, wood alcohol drinks were sure to result either in blindness or death.

The police arrested the manager of the drug department of an outlying department store where pint bottles of wood alcohol had been given away with \$2 Christmas candy purchases. The widow of a saloonkeeper who died yesterday was arrested. She is said to have admitted mixing wood alcohol with other liquors. She said the poison was purchased from a druggist, who was also arrested.

Seek Source of Drink.

New York, Dec. 27.—New York detectives seeking the source of "whiskey" manufactured from wood alcohol which has caused scores of deaths in the east in the last two days, tonight expressed the opinion that hundreds of barrels of the poison liquor were made in this city by Italians and shipped to Connecticut and nearby states. They predicted a number of arrests soon. The detectives made this prediction after a raid what is believed to have been a still where eleven bottles of the poison were found.

DO NOT ATTACH MUCH IMPORTANCE TO CLUE

Story of Alleged Kidnapping of Billy Dansey and His Discovery Given Little Credence.

Atlantic City, N. J., Dec. 27.—County authorities do not attach much importance to the latest clue in the Dansey case. Assistant prosecutor Herbert Voorhees stated tonight they had received many letters such as the one sent Edward C. White, father of Charles S. White accused of the murder of Billy Dansey, from Collinsville, Okla.

The letter declared a man and woman were under surveillance at Collinsville having in their possession a boy answering the description of Billy Dansey. The letter is now in the hands of G. Arthur Bolte, attorney for Charles White. The elder White stated tonight he expected definite word from the Oklahoma authorities early next week. He said that according to the letter the boy believed to be Billy Dansey, was put on a train to Tulsa, Okla., by a man and woman. On reaching Collinsville the boy was placed in the care of another man. The police have taken charge of the boy and are holding him pending efforts to identify him.

Could Not Be Located

Tulsa, Okla., Dec. 27.—Chief of Police Robert Auton of Collinsville, could not be located early tonight by either the city or county police, although officers from Collinsville said he left there for this city. Police detectives failed to locate the Collinsville officer however. The city was thrown into excitement this afternoon when he announced in an afternoon paper that he had located the missing Billy Dansey here and would be here tonight to rescue the kidnapped child and apprehend the kidnappers.

QUESTION OF PEACE STILL IN BALANCE

DORPAT, Friday, Dec. 26.—(By The Associated Press)—A last moment hitch over the right of the Estonians to fortify part of the Narva front developed after a protracted session of the Baltic peace conference extending far into Christmas morning when the conference adjourned after abandoning the attempt to complete the preliminary armistice, and with the question of peace still in the balance.

According to the Estonians, Joffe, Russian Bolshevik delegate, departed with the threat that he would bring up additional discussions and compel the Estonians to submit to the Bolshevik terms. This would probably require several weeks and the Estonians say they will keep careful watch to determine if the Bolshevik will live up to their agreement and if it is possible to conclude "peace."

Observers confidently predict that the example of Estonia will be followed by other Baltic states. So far as can be ascertained neither Great Britain nor America has attempted to prevent the Estonian action.

BOTH YOUNG PEOPLE HOSPITAL PATIENTS

NEW YORK, Dec. 27.—Dr. William G. Vermilye and Miss Ruth M. Keeney, who came today from Monson, Mass., to learn why the physician had failed to appear on Christmas to marry her, are patients tonight in a Brooklyn hospital. Miss Keeney fainted and was removed to the woman's ward when informed that Dr. Vermilye would not see her. The doctor has been a patient since Thursday evening.

Earlier Dr. Vermilye stated that "upon my return to the United States I was met by an invitation to my own wedding." He added that he was "not hiding from anyone."

Miss Keeney was accompanied by her father, George Keeney, and a young couple.

FACE DEATH BY STARVATION

QUEBEC, Dec. 27.—Fifteen persons in the government light house and wireless station at Belle Isle face death by starvation because of the failure of the delivery of their winter provisions. A telegram received from Belle Isle last night said that the government employees including two light housekeepers, three wireless operators and their wives and children, had only a scanty supply of provisions on hand.

APPLICATION FOR REHEARING

Springfield, Ill., Dec. 27.—An application for a rehearing was filed with the clerk of the supreme court today by the St. Louis Merchants Bridge Company in its contest with Madison county authorities regarding the tax assessments in 1916 and 1917. At the December term the supreme court reversed the judgment of the Madison county court as to the tax of 1916, and affirmed the tax of 1917.

ANNUAL ELECTION

Chicago, Dec. 27.—The Legislative Voters League of Illinois today held its annual election of officers and choose the following: President—Clifford W. Barnes; vice president—Adolf Kraus; treasurer—Frank H. Jones; secretary—Shelby M. Singleton.

Three new members were added to the executive committee, George E. Cole, W. Clyde Jones, and Isaac S. Rothschild.

THINK JEALOUSY WAS MOTIVE FOR MURDER OF BROWN

Officials Seek Whereabouts of Two Men and a Woman

ARREST MRS. DOLLY BENNETT

MT. CLEMENS, Mich., Dec. 27.—It would be unable to identify the motive behind the slaying Tuesday night of J. Stanley Brown, son of a former Detroit manufacturer, authorities today instituted a search in Ohio and southern Michigan for two men and a woman, the latter Mrs. Lena Bennett, being detained at Sandusky, Ohio.

Further investigation here brought a statement from Lloyd Prevost, held as a material witness but later released implicating the three men. One man, it was said, is a soldier at Camp Custer. The other, a civilian was presumed to be in some Ohio or southern Michigan city. Both of them, Prevost told Sheriff William Caldwell, were infatuated with Mrs. Bennett to whom he stated, Brown had paid court.

Sheriff Caldwell stated tonight that Mrs. Bennett would be brought here for examination and that he had her promise to aid in clearing up the death of Brown, who was found Wednesday morning shot to death by the wheel of his automobile between Detroit and Mt. Clemens.

A sheriff's deputy left late today for Battle Creek to arrest the soldier. The sheriff announced tonight that Prevost and Mrs. Ruth Prevost Brown, young widow of the slain man, had been definitely eliminated from the investigation.

BATTLE CREEK, Mich., Dec. 27.—Mrs. Lena Bennett Smoke, former wife of Clyde Bennett, and whose arrest has been reported in Sandusky, Ohio, is in Battle Creek. Tonight she indignantly denied all connections with the case and declared that she did not know Brown, nor did she know that her name was being used in connection with the case until she read an afternoon report to that effect.

Mrs. Smoke was divorced from Bennett three years ago, and has made her home continuously in this city. She says she has no idea who the woman is who was taken into custody in Sandusky, Ohio, and who bears her name.

J. Stanley Brown, the murdered man, has been here frequently of late, having a number of friends in the city, where his big automobile was a familiar sight. His last visit here occurred about a week ago.

Sandusky, Ohio, Dec. 27.—A woman giving her name as "Mrs. Dolly Bennett" and her home as Battle Creek, Mich., was arrested here today by Sheriff Perry on request of Mount Clemens, Mich., authorities who are probing the murder of J. Stanley Brown.

The woman was arrested at the home of her father, Charles Peck, who came here about six months ago from Michigan.

A deputy sheriff arrived late tonight and will take Mrs. Bennett to Mount Clemens tomorrow. She will not be questioned until she is brought before the authorities there. According to Sheriff Perry, Mrs. Bennett inquired tonight if she was suspected of the murder and was told that she was wanted only as a witness. The woman appeared much worried, he said. She told the sheriff that she reached Sandusky Christmas Day.

Deputy Sheriff Lowenstein of Mount Clemens declared that his office had information that Mrs. Bennett had a suitor at Battle Creek, her home, and that Brown also had paid her attentions.

Deputy Sheriff Lowenstein of Mount Clemens says he had never seen the woman wanted by the Mount Clemens authorities and would be unable to identify her. Sheriff Perry insists she is the woman wanted.

The woman was not permitted to converse with others than officials who declared she would not be questioned until taken to Mount Clemens. Sheriff Perry said she inquired if she was suspected of the murder and was told that she was wanted only as a witness. According to Sheriff Perry she appeared much worried. She told officials that she came to Sandusky Christmas Day.

AGED NEGRO DIES.

Parkersburg, W. Va., Dec. 27.—William Peyton, a negro, one of the oldest men in the United States died yesterday at Little Hocking, Ohio, near Parkersburg, at the age of 128 years.

He was a slave and a freed man who served the Creel family of Virginia thru six generations. It is said. Peyton was in full possession of his faculties until within a few weeks of his death.

MURDERER'S HUSBAND

St. Louis, Mo., Dec. 27.—Mrs. Mattie Walker, 41, shot and killed her husband, Perry M. Walker, while he was holding their three-year-old daughter in his arms in their home here tonight. Mrs. Walker was arrested.

CONGRESS WILL BE ASKED TO AID

Illinois Women Will Request Body to Issue Proclamation

Chicago, Dec. 27.—Congress will be asked to aid the fight on high prices according to a decision reached today when Illinois women met with Mrs. Joseph T. Bowen, chairman of the women's department, Illinois Fair Price committee. Chairmen of women's fair price committees of other states will be asked to take part. As soon as enough state chairmen are enlisted a petition will be sent to congress asking that body to issue a proclamation requesting merchants to adhere to costs as closely as possible.

Motion picture houses will be asked to help, a mass meeting will be held, probably Tuesday, and an educational campaign carried out. Courses on food, clothing and house management will be opened to women by the University of Chicago and the Chicago School of Domestic Arts and Sciences.

Problems in housekeeping will be discussed at meetings to be held in schools in Chicago and later thruout the rest of the state. Mrs. Bowen said.

FAVORS INCREASE IN RAILROAD RATES

Baltimore, Md., Dec. 27.—President Willard of the Baltimore & Ohio Railroad in a speech at a dinner given tonight by the Chamber of Commerce in honor of Carl R. Gray, retiring president of the Western Maryland Railroad and the newly elected president of the Union Pacific system, took issue with the figures compiled by Director General Hines which showed that when the roads come back to private ownership, they will show an increased payroll of 35 per cent. The more nearly correct figure, Mr. Willard stated was 70 per cent. Increased cost of operating the railroads will be upward \$1,700,000,000 and will yield revenue under \$1,000,000,000 which means the roads will be short about \$600,000,000.

The rates today would yield no surplus and no dividend. His solution of the problem now before congress consists in increasing the rates.

KOLCHAK RETIRES FROM COMMAND

Vladivostok, Wednesday, Dec. 24.—(By The Associated Press)—Admiral Kolchak, commanding the all-Russian governmental forces opposing the Bolsheviks in Siberia, has retired from active command because of ill health. He has been appointed General Semenov to succeed as commander, according to a message received today by Semenov's representative.

The message quoting Admiral Kolchak's order said: "In order to unite all armed forces fighting to make secure our political organization, I name General Semenov commander-in-chief with headquarters in the Trans-Baikal Russian military districts. All military commanders will be subordinate to him."

WILL ATTEMPT TO SUBSTITUTE CIDER

Chicago, Dec. 27.—An attempt to substitute cider for intoxicants will be made at several large hotels on New Year's eve, it was announced tonight. Many barrels of cider have been ordered.

There are to be a number of wet celebrations however, as private parties supplying their own liquor stock have been planned.

Private banquet halls are in demand, hotel managers said today. Incidentally a table, cider, food, confetti, colored hats and other carnival equipment will cost slightly more than last year due to the "high cost of everything" the managers also confided.

FUNERAL SERVICES HELD FOR ALCOCK

MANCHESTER, England, Dec. 27.—Funeral services were held today for Captain Sir John Alcock first aviator to make a non-stop Atlantic flight across the Atlantic died at Rouen, France, of injuries received when his plane crashed December 18, near Cotterville. Thousands of persons, including numerous army officers and airmen, attended.

The route from the church to the cemetery was lined with admirers and full military honors were rendered at the grave. Airmen acted as pall bearers.

HANISCH STARTED FOR LOS ANGELES

Chicago, Dec. 27.—Ottoman Zar Adusht Hanisch, self styled "Little Master" of the Mazdaznan cult of an worshippers was arrested tonight and started for Los Angeles where he was indicted June 4, 1918, several revolting offenses being charged. Hanisch was convicted in the federal district court here in 1913 of sending indecent matter, his cult book, "The Inner Circle" thru the mails, and was sentenced to six months in jail.

PLEAD NOT GUILTY

Aberdeen, Wash., Dec. 27.—Eleven alleged I. W. W. charged with the murder of Warren Grimm and other former service men at Centralia, Wash., on armistice day, pleaded not guilty today in the superior court at Montesano, Wash. Judge John Wilson said he would announce January 2 whether the defendants would be given separate trials and also the beginning of the trials if more than one are to be held.

BRITISH AMBASSADOR WILL SAIL FOR HOME

Viscount Grey Unable to Undertake Negotiations Which He Came to This Country to Attempt.

Washington, Dec. 27.—Viscount Grey, British ambassador will leave Tuesday for New York to sail for home the next Saturday on the Aqueduct. He will be accompanied by his personal suite, Sir William Tyrrell, Ronald Campbell and Major Cranford Stuart.

When he came to Washington Dec. 1, Viscount Grey was under a temporary appointment to the embassy to attempt to deal with certain large questions that have arisen or are impending as the result of the war. It was thought these might be adjusted on a fair and permanent basis by intimate agreement between the two governments on lines of common policy.

Delay in final action on the peace treaty by the senate has made it unprofitable to undertake such negotiations it was said at the embassy, even had President Wilson's health permitted. Developments in England also have brought to the fore many questions in which Viscount Grey is vitally interested. Later negotiations are not expected to be affected unfavorably by the Viscount's departure. They may be facilitated, it was thought by the light he will be able to afford his government upon the situation. No successor has been chosen but in his absence, Ronald C. Lindsay, the counsellor, will be in charge.

WILL ADOPT MEASURES TO CONSERVE PAPER

DES MOINES, Iowa, Dec. 27.—Resolutions to adopt measures conserving newspaper paper in Iowa were accepted today at a meeting here of representatives of most daily papers of the state. Limiting of the number of pages per issue, saving of ten per cent of the paper scheduled for now and discouraging of any schemes to increase circulation or advertising space are advocated. The publishers declared it to be their view that unless steps are taken soon to save paper some smaller publications will be forced to suspend.

The situation is serious because less paper has been produced than the papers of Canada and the United States have used in the last three months and there is now less than five days supply on hand the publishers were told.

WILL CAUSE HIGH BEEF PRICES FOR YEARS

CHICAGO, Dec. 27.—A shortage of 1,000,000 cattle in the year, just closing will cause high beef prices for at least seven years it is declared by M. E. Horine, statistician for the Union Stock Yards in his annual report today.

Mr. Horine says it will be impossible to make good the shortage of 1919 over 1927, and that the department of agriculture's report on cattle in the United States is too optimistic. An increase of 377,000 of all animals received at the Union Stock Yards for 1919 over 1918 is reported. Cattle receipts however decreased 290,000. Decreases in cattle slaughtered are also reported at Kansas City, Omaha, St. Joseph, St. Louis and Sioux City.

PLAN TO HELP CARNEGIE EMPLOYEES

YOUNGSTOWN, O., Dec. 27.—A plan to help employees of the Carnegie Steel company improve their condition was announced today by J. H. Gross, general superintendent of the Youngstown district. The plan includes building homes for the workman, loaning the men money at lower rates than charged by banks, with which to build their own homes, establishment of schools in which foremen will be trained in the art of handling men, establishment of a bureau to give legal, financial and social advice.

Night schools will be continued although they have not proven successful here.

PRESIDENT IS 63 YEARS OLD TODAY

WASHINGTON, Dec. 27.—President Wilson will be 63 years old tomorrow. His daughters, Mrs. William G. McAdoo and Mrs. Francis B. Sayre expressed a desire a week or ten days ago to be at the white house for his holiday anniversary and they may come. The president is expected to spend a quiet day.

Rear Admiral Grayson, the president's physician, said today his patient's progress continues and that the president was in good spirits.

SERIOUS FIRE AT CAMP PIKE CHECKED

Little Rock, Ark., Dec. 27.—Fire late today at Camp Pike destroyed two mess halls and two barracks buildings. All were unoccupied. Its origin is unknown. The fire which for a time seemed to threaten the entire camp was gotten under control in less than an hour by the camp fire department. No estimate of the loss was available.

AVAILANCES THREATEN

Geneva, Dec. 27.—The Stimpson Express, running from Paris to the Near East, since yesterday has been obliged to proceed by way of Latsburg, and Bern instead of going thru the Simplon Tunnel as the openings are threatened by avalanches. Throughout the Alps the weird sound of fountains warning the inhabitants to be prepared for emergencies and to give succor if necessary is heard. The Rhone and Rhine rivers continue to rise.

WILL INVESTIGATE CONTROVERSY OVER WAR DECORATIONS

Naval Awards to be Probed by Congress and Department

WILL EXAMINE ALL CHANGES

WASHINGTON, Dec. 27.—Full investigation of the controversy over awards of decorations for war service to naval officers brought to a head by Rear-Admiral William S. Sims' protest against the navy department's tentative list, will be made both by congress and the department.

On the heels of Secretary Daniels' announcement that the naval board headed by Rear-Admiral Knight had been ordered to review its findings on recommendations for medals or other decorations, Representative Lufkin, Republican, Mass., of the house naval committee conferred with members of the senate committee and stated that a joint committee would take up the whole question.

Will Examine Changes.

Representative Lufkin said Secretary Daniels' list of naval officers would be called before the joint committee. Changes made by Mr. Daniels in the board list of awards as well as action of the board will be examined he said.

Secretary Daniels said today that in revising the decorations and in passing on new recommendations the Knight board would be instructed to follow the policy he recommended in revising the lists giving due consideration to objections voiced by officers.

Officers Who Protested.

The names of Admiral Henry B. Wilson, who commanded American naval forces in French waters and of Rear Admiral Henry T. Mayo, who was in command of the Atlantic Fleet, were added today to the officers who have written the secretary on the awards. Other officers who have protested include Vice-Admiral Hilary P. Jones, commander of Squadron Two of the Atlantic Fleet; Admiral Decker, commanding the Seventh Naval District, Key West, and Captain Raymond D. Hasbrouck, commander of the Battleship Minnesota. Admiral Jones and Captain Hasbrouck refused a navy cross, supporting the position taken by Admiral Sims. Their objections will be placed before the Knight board and Secretary Daniels said he hoped the revised awards of the board could be accepted without change. He indicated that he would send them to the President for his approval.

Makes Letters Public.

The department made public copies of letters as to the awards received by Mr. Daniels, from Admirals Jones, Mayo and Decker and Captain Hasbrouck. That from Admiral Jones goes into the service he rendered during the war, beginning as commander of a squadron of the patrol force, later of a squadron of the cruiser force, still later as commander of the Newport News division, cruiser and transport force, and finally as administrator of harbor floating equipment in Hampton Roads district. "It is submitted," the letter said, "that if the discharge of these duties were so successful as to meet the department's approval, the responsible officer should be recognized commensurately; and those subordinate officers who have contributed directly to that success should also be recognized. If, on the contrary the duties outlined were not successfully carried out to satisfaction of the department there should be no award."

Asks Cancellation of Award.

Admiral Jones said he felt it "my duty to the dignity and importance of the forces operated and the work accomplished by them," to request that the award to him of a navy cross be cancelled.

Admiral Mayo declared it was evident there had been "a misconception" in considering recommendations for decorations he made as commander of the fleet many of which, he added were not carried out. The letter notes that no member of the staff received a decoration except his chief of staff and asserts that an admiral's success rests largely upon the "loyalty, initiative and efficiency" of his staff personnel. Failure to recognize adequately men on such duty, it said, "creates an impression that such duty is of minor importance." Such an impression it said "would be fatal to the development of the navy."

Renews Recommendations.

Admiral Mayo renewed his recommendations and urged that reconsideration be given certain cases. Admiral Decker's letter notes that he had been awarded a navy cross in recognition of his services as naval attaché at Madrid.

"In my opinion," it says, "this award is inadequate to the services that were performed by the office of the naval attaché and those who worked with me. The (Continued on Page Four.)"

MOST OF KANSAS MINES IN OPERATION

Secretary of District Expects Men in Western Division to Resume Monday.

Pittsburgh, Kas., Dec. 27.—Miners in District No. 14 were working today at all mines except the Bronson, Rogers and Hermin mine and the three mines of the western coast and a coal company following the decision of the executive board yesterday. Thomas Harvey, secretary of the district stated that he was confident the men would resume operations at the western mines Monday. It was reported that these strikes had been called because the company had not set aside any coal for the use of the men in their houses. The executive board has declared that no board action will be taken. Howat endorses that opinion. No action on this strikes has been taken by the state receivers so far as is known. The operators are actually in control although the receivership has not been dissolved. The local union which called the B. R. & H. strike has taken no steps toward ending it.

GIVEN DINNER BY COMMERCIAL CLUB

Lincoln, Neb., Dec. 27.—The more pretentious of the many functions in honor of General John J. Pershing during his ten day holiday visit at Lincoln was the dinner given him tonight by the Commercial Club. Five hundred diners, the capacity of the club room were present. The only being reserved for lady friends of the Pershing family. Mayor Miller, Governor McKelvie and General Pershing made talks.

General Pershing today made this statement:

"I have purchased the home now occupied by my sisters and as soon as I return I intend to make it my permanent home. I will send my son Warren to the state university and as soon as I return, as far as I know now, I expect to enter business here."

WILL RESIST ALL EFFORTS TO EXPEL HIM

FUME, Dec. 27.—(By The Associated Press)—Gabriele D'Amazio announced today that he would resist efforts to expel him from Fiume. He said he had decided that the guarantees offered by the government were insufficient to warrant his leaving. That his troops be let off without punishment for joining his crusade is one of his demands made in return for his departure as is also rehabilitation of Fiuman and Dalmatian money.

The right to reside in Fiume or any part of Dalmatia without restriction or passport, authority to decide the time and manner of the departure of his forces and official recognition of the medal he conferred on his legionaries are among other demands.

DEFENDS VOTING PLAN OF LEAGUE

LONDON, Dec. 27.—Premier Lloyd George, speaking at Llanstymdyr, Wales, today, defended the voting arrangements of the league of nations. He said that Australia lost as many men as the United States in the war and had as much right to vote. This vote, however, he added, would not be used on any question arising between Great Britain and the United States.

"President Wilson recognized the justice and fairness of the claim put forward in behalf of the British empire," he said.

He recounted the fight in the United States on the treaty which he termed "the folly of America entering upon party warfare when trying to settle the difficulties and troubles ensuing from the great war."

ENGLISH SHIPPING SITUATION CRITICAL

WASHINGTON, Dec. 27.—England is confronted with one of the most critical shipping situations it has known despite the increase in ships flying the British flag, the secretary of the port and transit company of London today informed the department of commerce.

Labor trouble and the shortage of railway trucks and the report said are holding up cargoes and has created much congestion at the docks. Increases in the price of food and raw materials result from the heavy demurrage charges.

GERMAN SHIPS ARE TRANSFERRED

NEW YORK, Dec. 27.—Seven former German ships anchored in New York harbor were transferred today by the United States shipping board to the British ministry of shipping in accordance with the order signed by President Wilson. Skelton British crews were placed aboard the vessels and the American flag replaced by the Union Jack.

The transferred ships are the Graf Walder, Pretoria, Kaiserin Augusta Victoria, Zepplin, Mobile, Prinz Friedrich Wilhelm and the Can Finisterre. For 11 weeks British seamen have been waiting to go aboard.

INTENSIVE PRACTICE

Pasadena, Calif., Dec. 27.—The Harvard football squad here to play Oregon University New Year's began intensive practice today. Oregon players have reached the pink of condition their trainer said. The Harvard men went thru their signals with no confusion. The line men charged to the line. Many practiced with shoes off.

RAILWAY MEN WILL STATE ATTITUDE TOWARD R. R. BILL

Brotherhood Heads to Draft Declaration of Principles

WILL CONFER WITH GOMPERS

WASHINGTON, Dec. 27.—The attitude of organized railway employees toward the anti-strike provision of the Cummins' railroad bill will be stated in a declaration of principles to be drafted by heads of all the brotherhoods at a conference here Monday with President Gompers of the American Federation of Labor. Labor leaders declared today that nothing drastic was to be expected but the view among organized workers was that the affiliated trades would stand by the railway machinists' union which voted to quit if congress enacted the anti-strike provision.

Senators and representatives expressed the opinion, however, that the house never would accept the bill as it came from the senate and the event if it should pass, President Wilson would veto it.

Possibility of a veto has been given serious consideration by congressmen who realize the necessity of enacting proper legislation before the roads are handed back to their owners March 1. Labor leaders called attention today to this statement by the president in his message to congress four weeks ago:

"The right of individuals to strike is inviolate and ought not to be interfered with by any process of government, but there is a predominant right of the government to protect all its people and to assert its power and majesty against the challenge of any class."

This sentence was variously interpreted—by the brotherhood of officers as a virtual announcement by the president that he would not sign a bill denying the right to strike—and by Senator Cummins and others as notice by the president that even if the right to strike was inviolate, the rights of the public were above it.

Regardless of what action is taken by the brotherhoods, the belief prevailed in congressional circles that when senate and house conferees got thru with the Cummins and Esch bills, no vestige of the anti-strike section would remain. The conferees will begin work next week.

All senate conferees voted for the labor clause and are expected to make a hard fight for its retention. On the straight senate test an amendment to eliminate the section was defeated 39 to 24. Some idea of the attitude of the house, however, was given today by members who said that the

The New Year, 1920, has thrown away the corkscrew.

Home brew stuff seems very efficacious—death comes promptly.

Kansas farms produced more than a billion dollars worth of truck this year. It is no longer "bleeding Kansas."

Illinois has furnished the nation presidents who have made records unequalled, and we still have ambitions and hopes that we may offer another candidate of real worth.

Nebraskans are booming Gen. Pershing as a Republican candidate for president. All give honor to the general as a military leader, and there his glory should rest.

Appeals are being made to army service men to keep up their insurance. Through lack of understanding many are dropping out. Danger of death on the battlefield or in camp, has passed, but disease and accident remain in the ordinary pursuits of life.

### ROAD BUILDING

Members of the Illinois division of highways insist that 1400 miles of road could be built in 1920 with material available, but Chief Engineer Older said: "I advise the division of highways to look into the matter closely. It is foolish to lead the public to expect that it is going to have 1,400 miles of new road next year, when that is practically impossible." Contractors pointed out that counties and cities would be competing with the state for materials, as they also are planning extensive improvement programs. This will be a great year for road building but the amount built will be limited by lack of material and the high price of labor.

### NEWSPAPERS SHOULD RAISE PRICES

Replying to criticisms from some sources offered against the action of many newspapers of the state in again raising subscription and advertising rates, B. J. Mullany, director of the Illinois Committee on Public Utility Information, issued this statement to utility men thruout the state: "It is just as absurd to say that a newspaper should stick to old time subscription and advertising rates, in these after-war times, as it is to say that the average electric, gas, street car or telephone company can operate on the old rate basis. While paper, ink, labor and all other costs of newspaper making have soared to undreamed of heights, just like coal, oil, steel, copper and la-

bor prices and taxes and all factors in the operation costs of the utilities.

Financially sound and healthy newspapers are as necessary to the progress and well being of a community as financially healthy utilities are. They can no more be expected to serve their communities efficiently, unless permitted to thrive—keep their plants in good working order and their credit good—than should you expect a utility company to do so. They depend upon rates—prices fixed for subscriptions and advertising—for their revenue. Just as the utilities depend upon their service rates. If these rates are not fair—high enough to cover costs and leave a profit—newspapers must deteriorate. No community can afford to have its newspapers in that condition. Starved and therefore inefficient newspapers are a handicap to any community, just as starved and inefficient utilities are."

### WOMEN HELP TO HEW G. O. P. PLATFORM

That "women are people" is proven conclusively not only in England where Lady Nancy Astor—American-born peeress has taken her seat in the House of Commons—but in America as well. The Republican party already enjoys the closest cooperation between the men of the party and the more recently enfranchised women voters.

At the recent meeting of the Republican National Committee in Washington, Chairman Will Hays announced that women will help to nail the planks in the G. O. P. platform. Women leaders who are nationally known will be chosen to serve with the Committee on Policies and Platforms. During the next six months this Committee is to shape the Republican policies for presentation at the National Convention in Chicago next June. This Committee will comprise fifty or sixty men and women, twelve of whom will be members of the National Committee. It will be interesting to note the future progress of this body and the principles it advocates, to which its women workers have subscribed.

In addition an Advisory Council of four women has been formed within the party machinery. In this council are Mary Garrett Hay, New York; Mrs. Mary Gibson of California; Mrs. John G. South of Kentucky, who is also a chairman of the Republican Women's National Executive Committee, and Mrs. Harriet Taylor Upton of Ohio.

When the Illinois delegation went to Washington early in December with Fred Upham, treasurer of the Republican National Committee, it took three representatives Illinois women to help land the next convention for Chicago. These women who represented the Illinois Women's organization of the "Convention Special" included Mrs. Fletcher Dobyns, chairman of the Republican Women's Executive Committee of the State; Mrs. E. D. Griffin of Grant Park, chairman for the Twenty-Third Congressional district, and Mrs. Marion Kent Northam of Evanston, chairman of the Speakers Bureau.

Aside from these marked indications that the division in politics between men and women is a thing of the past, their new responsibilities in citizenship will entitle them to be delegates at the National Convention next June. The number of women delegates of four years ago—two—will be greatly increased when the next National delegation meets to select the Republican presidential nominee.

Women in citizenship have passed the initial stage. They are no longer a novelty as voters—they have come to stay as moulders of the nation's thought and policies to a greater extent than ever before.

### PROBLEMS

These Christmas bells remind us, as they ring everywhere, of good old days behind us, when problems didn't scare; our problems then were smaller, and wouldn't fetch a dollar; we took them by the collar and slugged them with a chair. In those old times 'twas seldom that problems came our way; in high esteem we held 'em, and watched the blamed things play; our dull routine was broken when problems from Hoboken blew in, with sign and token that they had come to stay. Then life was calm and peaceful, we worked, and made no whine, and had a large valise of sadness put down in brine; we did the tasks allotted, the flies we blithely swatted, and to the hay we trotted at twenty after nine. One day was like another, we kept our divers spheres, and no man skinned his brother, as do the profiteers; or so it seems, back gazing; the old days seem amazing, while present times are raising their racket in our ears. But now our problems vex us and never lose their grip; each day some new one wrecks us, and smites us, thigh and hip; and so we're backward glancing; we wish we might be prancing to those old times entrancing when problems raised no yip.

**NATIONAL THRIFT WEEK JAN. 17TH**

The week of January 17th is to be National Thrift Week.

The object of the week is to bring to the average American a greater realization of the importance of economy at this critical stage of the after-war period. The week will be largely occupied in an educational way to bring facts before the public which will induce all to employ every possible means in which economy can be practiced.

Any movement which promotes community prosperity and the wise use of income must benefit all. It is evident that National Thrift Week can and should induce many to give more attention to saving and to accumulation of funds for future enjoyment and protection. There is no greater influence against unrest in an individual or group than financial stability as evidenced by a bank account or the ownership of a home.

### "JUBILO"

Will Rogers, former Ziegfield Follies' star, comes to the Rialto next Monday & Tuesday in his latest Goldwyn photoplay, "Jubilo," adapted from the Saturday Evening Post story by Ben Ames Williams. Remember lovable, human Will in "Almost a Husband." You will find him even more irresistible and human in "Jubilo."

He plays the part of a dyed-in-the-wool hobo — a member of the ancient and honored society of Work-nots—whom love transforms into a Prince in patches. It's bright and funny and one of the most delightfully entertaining pictures you've seen in a long time.

## Lalley Light and Power

Takes the Place of Man-Power on the Farm

Lalley Light is a complete unit—engine and generator—with 16 cell storage battery. It supplies ample electricity for lights, water pumps, washing machines, ranning mill, etc.

For example, Alfred Olson, Fullerton, Neb., writes that he and his wife take care of 320 acres, nearly all farm land, and keep 80 head of cattle and 125 hogs.

"If it were not for Lalley Light and electric power," says Mr. Olson, "we would have to keep a hired man."

"If every farm home and outbuilding were equipped with electric light and power there would be a great saving of time and labor and less fire trouble." Louis Rolfe, Seattle, Wash., finds that Lalley actually saves man-power in its various scopes of usefulness.

"With the present scarcity of labor," writes Theo. Schierbaum, Wentzville, Mo., "we could not possibly get along without the Lalley. We figure that it actually saves about half of one person's time."

What Lalley Light will save for one farmer, it will save for any farmer who makes full use of its electric light and power.

The good old bus No. 1919 is almost the finish line.  
To some the journey has been one of ease and success.  
To others, the roads have been rough—blowouts, punctures, and many other things have happened to take joy out of the trip.  
But, when we get aboard the new bus No. 1920, let us look forward with confidence, toward the greatest era of prosperity this country has ever enjoyed, an era of prosperity planned by American genuity and boosted by common sense.  
And now, as old 1919 comes around to turn on her last lap, we wish to thank you for your loyalty, and to extend to you our best wishes for a pleasant and successful ride in the new "1920."

**WILL INVESTIGATE CONTROVERSY OVER WAR DECORATIONS**

(Continued from Page One.)  
effect of this work was to keep Spain from entering the war against us, also a reduction of the submarine activities off the coast of Spain.

The letter commends the services of F. J. Marion, W. A. Chaboureaux and Mr. Howell who were associated with the writer and declares Admiral Decker cannot permit them to be taken so lightly.

"If my estimate is correct," it continued, "my services and the services of those with me, in spite of the opposition of the ambassador is certainly greater than the work done by any single battleship in the war or by any official stationed on shore duty in an administrative capacity."

**Endorsement of Position.**  
Captain Hasbrouck's letter is an endorsement of Admiral Sims' position stating that the writer has a higher regard for Admiral Sims' views on matters affecting the morale of the naval service than those of any other officer.

It was because of this, he added, that he asked his name to be stricken from the navy cross list.

**ANOTHER PIONEER CROSSES DIVIDE**

Rawlins, Wyo., Dec. 27.—James "Dad" Sherrod, 106 years old, died this week at the county poor farm near Dixon. His funeral will be held tomorrow. For many years he drove the South Platte and Council Bluffs stage. He was present at the Thornberg massacre.

**CAN GET NO WINE HERE**

Rome, Dec. 27.—Italy must remain faithful to the allies but the government must prevent this country, after the sacrifices she sustained from being treated without consideration," said Senator Bettini at the resumption of the senate today. He asserted Italy was tired of being disillusioned, especially in regard to the Adriatic, which he said she hoped to control. "The Italians will preserve the aspirations of their hearts," he continued, "until the day comes when justice will triumph."

Senator Bettini dealt at length with the emigration question. He expressed the opinion that many Italians would not go to the United States because wine could not be procured there.

**INTERESTED IN GAMES**

New York, Dec. 27.—Scandinavian countries are beginning to evince interest in the Olympic games to be held at Antwerp in August.

In a discussion of the merits of some athletes who will represent these nations, Emil A. Anderson, an athletic authority of Copenhagen, said to American Amateur Athletic Union delegates:

"The United States is sure to be the first nation at the Antwerp games. At all events I cannot see what country's athletes can beat the Americans. I feel pretty confident that the day they start, it will be on a big scale."

If America wins the hammer throw and shot put, it will not be without stiff opposition from Finland and Scandinavia, according to Anderson.

**ADOPTS RESOLUTION**

## PERSONS LEAVING CITY SHOULD LEAVE NAMES

Mr. Groves, supervisor of census, stated yesterday that very few persons who expected to be absent from the city during the first two weeks of January had requested to be enumerated before leaving.

Local pride in having Jacksonville show as large a population as possible should cause all persons who intend to be absent during the enumeration to call and have their name included.

The census office located in Room 611 Ayers Bank Bldg., and it will take only a few minutes of your time to give Mr. Groves the desired information.

#### To Gather Vital Statistics

There are a number of schedules to be compiled in connection with the enumeration. One will be a population schedule showing the number of inhabitants of the country. There will also be an agricultural schedule, showing the amount of live stock, grain, produce and other data. There will be another schedule for mines and quarries, showing the mines, oil and gas wells, etc., and a schedule for forestry, listing the amount of lumber, timber tracts, etc., and still another schedule will contain data as to the deaf, dumb and blind of the district. The enumeration will be complete and comprehensive in every detail and thru this procedure the government will acquire many vital statistics.

By order of the Director of the Census all enumerators in rural districts are being supplied with additional agricultural schedules which are to be distributed to farmers whose agricultural operations are on a large scale. This will enable the farmer to examine his records and have most of the required data ready when the enumerator calls.

Anyone desiring a copy of the farm schedule may obtain one by writing or calling at the census office.

## DEATH LIST IS GROWING FROM POISON WHISKEY

(Continued from Page One.) The marked "whiskey flavor" and "whiskey extract" were found concealed in bags of saw dust. Many more bottles containing ingredients ordinarily used in the manufacture of Italian and Spanish cordials, also were discovered by the police. Many bottles were labelled "brandy extract". The proprietor of the basement in which the alleged still was located was arrested.

In the Bronx detectives attached to the district attorney's office also were hunting contraband liquor and bootleggers. The health department also prepared to combat the new menace a rigid inspection of saloons being ordered. Autopsies today showed two deaths here this week, due to wood alcohol poisoning.

Conferences Next Week. Conferences between manufacturers of wood alcohol and members of the committee of public health and hygiene will be begun here next week, it was announced tonight to discuss the alarming number of deaths from beverages mixed with the poisonous liquid.

Denies Selling Whiskey. Two men were found dead and two seriously ill tonight from what is believed by physicians to be wood alcohol poisoning, in a Fulton street hotel. When questioned, the hotel proprietor denied having sold the men whiskey and gave the officers a bottle from his stock for analysis.

Three Die in Memphis. Memphis, Tenn., Dec. 27.—Board of health records show three persons died in Memphis of wood alcohol poisoning this month. The deaths occurred prior to the Christmas holidays.

Announces Crusade. Mineola, N. Y., Dec. 27.—Walter H. Reynolds, director of the war camp community services for Naussau and Queens counties announced today that he had begun a crusade against persons selling hard cider and imitation whiskey to soldiers stationed at aviation fields around Camp Mills.

Found in Hay. Eolia, Mo., Dec. 27.—Seventy-five quarts of whiskey and some alcohol were found in a carload of hay here today by Pike county officials. The hay was billed to John Bohannon, Sayre, Okla.

Seize Two Carloads. Chicago, Dec. 27.—Government agents today seized two carloads of whiskey which it is said had been shipped here from St. Louis. Revenue officials have been assigned to watch the Chicago Drainage Canal to prevent liquor from being smuggled into the city from St. Louis and intermediate points by way of the Mississippi and Illinois rivers.

Rum Is Stolen. New York, Dec. 27.—Fourteen barrels of rum, valued at \$14,000 were stolen from a bonded warehouse on the lower west side over the Christmas holiday, the police announced today. The stolen stock was taken away on a motor truck.

In Canadian Northwest. Winnipeg, Man., Dec. 27.—Moonshiners, wood alcohol peddlers and bootleggers have not only cost the federal and western provincial governments hundreds of thousands of dollars, but also have taken their toll of lives in the Canadian northwest.

Steal Liquor Stocks. Chicago, Dec. 27.—Citizens of Lake county, in which are situated some of the wealthy suburbs of Chicago, today planned organization of a "protective association" to co-operate with the sheriff's forces in stopping a series of burglaries of residences. Stocks of liquor and jewelry have been the chief spoils of the robbers.

Confiscate Still. Chicago, Dec. 27.—Two "moonshine" stills of 18 and 20 gallons capacity and 24 barrels of raisin mash were confiscated in a raid by operatives of the internal revenue department at Homewood a Chicago suburb. Two men were arrested after one whose identity today has not been established, sought to attack the officers with a rifle.

Stringent Regulations. Washington, Dec. 27.—Stringent regulations were issued today by the treasury to prevent intoxicants from entering the country from foreign ships. Liquors listed as sea stores must be placed under seal and kept sealed during the vessels' stay in port. No part may be removed from under seal while the ship is in United States waters the regulations state which deny to foreign crews the ration of wine served with meals on some ships under other flags.

Excessive Liquor stores, no longer being dutiable are subject to seizure. Liquors properly carried may be returned to a foreign port on the vessel's changing from the foreign coasting trade or may be transferred from a vessel in foreign trade delayed in port for any cause, to another vessel of the same line or owner.

Customs officials are not greatly concerned over the possibility of smuggling much liquor into the country and the new orders are believed to close the last hole thru which intoxicants might reach domestic consumers.

Putting Wine Cellars in Order. Rhams, Dec. 27.—Labyrinthine wine cellars beneath the cities of Rhams and Epemay are being rapidly put in order by the big champagne firms of the two cities. These cellars, which would form a subterranean gallery sixty miles in length, hold hundreds of millions of bottles of precious vintages, suffered little damage during the war. Losses incurred by the wine industry will be recouped in a short time, according to statements made to the Associated Press correspondent.

German soldiers took very little wine from the cellars when they swept southward over this district in 1914. Four years of bombardment destroyed the greater part of the handsome buildings erected by the wine companies but the most of the damage done to the stocks is attributed to French and allied soldiers.

Fighting men made unofficial requisitions termed "ransoms" and these cost the cellars about 325,000 bottles, including many "reserved" vintages. Frequently irresponsible soldiers would bore holes in huge casks of unbottled wine and after filling a bucket would leave and permit the remainder in the cask to run away and be wasted. It is believed one million bottles were lost in this way.

Champagne firms, however, took their losses cheerfully, believing the allied soldiers were entitled to the wine.

MAYOR THOMPSON ISSUES STATEMENT CHICAGO, Dec. 27.—Mayor Thompson, Republican national committeeman from Illinois today in a statement said the duty of the committeemen, as he saw it, was not to aid in the selection of a Republican presidential candidate but to help elect the man whom the Republicans nominated.

In part the statement said: "In Illinois the law permits our men and women to express at the polls their choice for the party nomination for president and the delegates to the national conventions will have the result of that preferential vote to advise and guide them. It is not my purpose or desire to interfere in the free expression of their choice by the Republicans of Illinois."

WINS TWO PRIZES. Mrs. Henry Kohrs of near Orleans, won two of the eight prizes in the croqueting and knitting contest given by the Caron Spinning Co., of Rochelle, Ill.

## FINAL SUMMONS COMES TO MRS. MARY BLUNT

Long Time Resident Passes Away Saturday Morning—Was Active in Church Work and W. C. T. U.—Funeral Will Be Held Monday Afternoon.

Saturday morning at 3:15 the venerable Mrs. Mary J. Blunt closed her eyes for the last time on earth and went to the reward promised those who are faithful to the end.

She lived with her devoted daughter, Miss Olive at their home, 507 South Prairie street and she had seemed in usual health until that fatal morning. Christmas she very much enjoyed and had a number of friends with her and possibly made a little more exertion than was wise, though no one was aware of it. Friday she was hardly as well seeming somewhat fatigued and retired early to rest and probably some time during the night she suffered something like a stroke of apoplexy. She didn't rise early that morning and Miss Olive permitted her to remain in bed as she seemed to be breathing naturally, but going to her side later she found her unconscious and was much alarmed and at once summoned Dr. T. O. Hardesty, an intimate friend of the family and their physician also. A nurse was also secured and all possible done to restore the invalid, but in vain and she passed quietly to the great beyond which she had so long been anticipating.

Mrs. Blunt was born in Franklin county, Kentucky, August 26, 1827, and was the daughter of Jesse and Miss Obedience Blankenship Traylor, who removed to this state soon after her birth and settled in the vicinity of Tallula, Menard county where she grew to a beautiful womanhood. She had the benefit of public schools, was a great reader and was well informed on many subjects.

She was married September 16, 1846, to Robert C. Blunt, who died May 18, 1886. She continued to live in her Menard county home a number of years, but finally removed to Jacksonville and has since resided in this city.

Early in life she was converted and united with the Baptist church and has ever been a devoted member of that organization. She was also a staunch supporter of the Woman's Temperance Union and labored hard for the advancement of its principles. Her heart was ever open to every good cause and as long as health and strength permitted, she was glad to be sent in every good cause possible. Her pastor always found in her, one ready to aid him with her labor, sympathy and prayers and after she was unable to go out much, many meetings were held at her home and much enjoyed by her and all who attended.

She is survived by two sons, G. G. Blunt of Denver, Colo., and Eli N. Blunt of Hesperus, Colo. Also three daughters: Mrs. Jennie S. Murdock of San Antonio, Texas; Olive M. Blunt and Mrs. Julia M. Hopper of this city. Also one brother, John L. Traylor of Pasadena, California.

She will be missed by many who knew and esteemed her for her beautiful and devoted Christian character, her gentle ways and kindly disposition to aid every one. She was ever devoted to the cause of her Blessed Master and is now in the presence of one whom not having seen, she had loved.

The funeral will be conducted Monday afternoon at 2:30 o'clock from First Baptist church, Rev. A. A. Todd officiating, and interment will be in Mt. Zion cemetery, Kilbourne, Tuesday afternoon.

Family Gathering on Christmas Day. One of the most pleasant family gatherings in the city Christmas day was that which occurred at the home of Mr. and Mrs. Ashford Ator, 849 Grove street. The day was spent most happily with games and music. A Christmas tree being one of the features which the children enjoyed. At the noon hour a delicious menu was served. Among those present were: Mrs. J. H. Abernathy and daughter Eva, Merle Abernathy, Trella Ator of Concord, Mr. and Mrs. Allen Abernathy and family of this city, Mr. and Mrs. Earl Abernathy and family of Concord, Mr. and Mrs. Roy Abernathy and family, Concord, Mr. and Mrs. J. C. Smith and family of this city.

Mr. and Mrs. W. T. Fanning Celebrate Their Birthdays. Mr. and Mrs. W. T. Fanning residing on East North street, had a very happy family gathering Friday. Mr. and Mrs. Fanning were born ten days apart so consider their birthdays near enough together to be celebrated at one time and to that end they invited their children and families to be present. Mrs. Fanning is known to many as a superior cook and the dinner that day was a testimonial to the culinary skill of the good lady and was greatly enjoyed by all and they had supper too. As one remarked, they ate pretty much all day and with reason, because all was so good. Mr. Fanning is 74 but he gets around as spry as he did when 25 years younger. The whole day was happily spent and all departed hoping the worthy couple may have several more similar occasions. Among the guests present, in addition to members of the household, Mr. Fanning's brother, Robert and wife of Virginia; Mrs. Charles Seymour, niece and husband; Mrs. W. H. Busby, daughter, two children and husband, of Franklin.

Enjoy Hospitality of the Hubbard Home. Mr. and Mrs. Henry Hubbard entertained a number of friends at their home south of Jacksonville at a six o'clock dinner Thursday, Dec. 25, 1919, the event being given in honor of their son Walter's twentieth birthday. He returned home in recent months after spending nearly two years overseas. Games were played during the evening and refreshments of popcorn balls, candy and apples were served. Mr. Hubbard was the recipient of a number of useful gifts. At a late hour all departed for their homes wishing Walter many more bright and happy birthdays.

Those present were Mr. and Mrs. Jasper Vortman and son Harvey; Mr. and Mrs. Frank Hubbard, son Russell and daughter Isabel; Mary Hale, Hattie Porter, Hester Korty, Pearl Korty, Helen Hale, Alpha Porter, Leroy and Teddy Hale, Norman Hubbard, Harry Hubbard, Mr. and Mrs. Lewis Korty and sons, Clarence, Russell and Marvin; Mr. and Mrs. John Porter, Walter Hubbard, Belle and Cora Vannier, Paul Vannier and Mr. and Mrs. H. H. Hubbard.

## Meeting of the Advisory Council

The Advisory Council of the Morgan County Farmers Club met at the County Court room Saturday afternoon for the purpose of perfecting an organization for the membership drive in February. There were present: Chas. S. Black, Harry J. Rice, C. J. Wright, W. H. Crum, C. A. Rowe, M. A. VanWinkle, E. R. Hemmings, W. Barr Brown, J. W. Arnold, C. H. Gibbs, H. E. Kinner, Alf. G. Brookhouse, Charles T. Gaines, Harold P. Joy, Alfred Anderson, Albert Crum, M. A. Hulet and several others whose names we did not get. The special committee appointed to select a county chairman to take charge of the drive reported that Barr Brown had been invited to act as chairman and had accepted. The members of the Advisory Council suggested the names of the directors for their various townships and gave a list of names to act as drivers for the state canvassers. At present the list is not ready for publication.

**Interest in Soil Survey Map.**  
An unusual number of men called at the Farm Bureau office Saturday. The majority of these asked to look at the soil survey map recently sent us by the Col. of Agriculture. The most of the men expressed surprise at the accurate way in which the work had been done. The county agent thinks that next year we shall be in a position to do some real work along the line of soil improvement.

**Beware of Impure Clover Seed.**  
The scarcity of clover seed has caused some dealers to send out samples of mixtures that are of a decidedly doubtful value. This was supposed to be cheap at \$26.80 a bushel but an analysis showed that a buyer would be paying \$33.50 per bushel for the red clover in it, and would get about one-third of a pound of Fox Tail, Wild Geranium, Sour Dock and Wild Carrot Seed. Clean clover seed that will pass under our new seed law must necessarily come high. Beware of cheap stuff. You may get a variety of weeds in this cheap stuff that will keep you busy the rest of your days.

**Cattle Feeders Complaint.**  
The cattle feeders received a bitter pill, not only last spring but only a few days ago. A number of well known feeders have quit and propose to stay out of the business until the packers play the game square. Every feeder has hoped to hit a good market when he shipped. With him it has been a matter of chance. With the most of the chances against him. With the buyers at the terminal market it has been a sure thing. They have offered tempting prices when the cattle were not freely offered and have gotten their money back by cutting the price unmercifully when the supply of cattle began to come in. In many respects the daily fluctuation of the stock market are little better than a fool. No business man with a lot of personal customers could continue long and do as the pack-

ers do. The cattle feeders are quitting because they realize they are up against an organization that is not playing the game square. If there is any one thing that larger organization of farmers can do it is to try to correct the injustice done shippers at the terminal markets, either thru unjust grading or thru deliberate steals.

## How Spinal Defects Occur

MANY persons have asked how the spine can press the nerves and shut off the life-giving energy and cause weakness and disease in certain parts of the body. The spine protects the spinal cord through which energy passes from the brain to the network of nerves that supply every part of the body. The spine is made up of separate moveable parts that are easily displaced and are sensitive to every strain and jar.

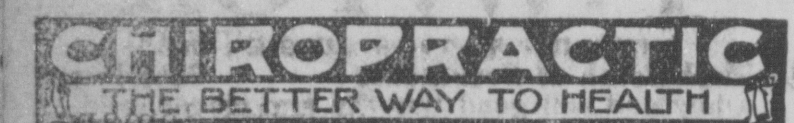

### Causes of the Fatal Pressure

In fact there are many contributory causes that lead to defective spines and they are present every day of life. Before, during and after birth the weak and tender spine is very easily affected. The manner in which a child sits at the school desk, or the position of the man or woman while at work is likely to cause defect and curvature. Strenuous games, active play, falls, blows, sudden twists, or strains from carrying or lifting heavy weights are all likely to throw the spine out of plumb. This brings about the fatal pressure upon the nerves and throbbles or obstructs the life-giving nerve currents, thus leading to disease.

### CHIROPRACTIC CORRECTS SPINAL DEFECTS

It lifts the pressure from the nerves, permitting them to

nourish the famished, worn out and diseased tissues and organs. With normal nerve function restored, Nature brings about healthy conditions in the organs effected. In

no drugs or surgery are needed. Acute and chronic cases are handled in Nature's own way. Most cases in young and old respond quickly to chiropractic (KIRO PRAK TIC). Learn what it can do for you.

## MRS. G. HOLBUT

### GAINS 20 POUNDS

Was All Run Down But Tanlac Quickly Builds Her Up.

"Since I began taking Tanlac all my troubles have not only been overcome but I have gained twenty pounds in weight," was the statement made a few days ago by Mrs. Grace Holbut, who resides at 1015 East Fifteenth street, Kansas City, Mo.

"It was about a year ago that my health began to fail," continued Mrs. Holbut, "and since then I have been in bad condition troubled with indigestion, nervousness, backache and headaches. I had no appetite to speak of and what I would eat would sour on my stomach and caused so much gas to form that I could hardly get my breath. My head ached nearly all the time and I would get so dizzy that I could not stand on my feet and I would have to catch hold of something to keep from falling. My back hurt me so bad I could hardly stand it, and if I went to stoop over the pains would nearly run me wild. I was so nervous that any little noise would distract me and I could never get a good night's rest or sleep. My complexion turned yellow and I was so weak and run-down that it was a drag for me to get about the house."

"None of the medicines I took did me any good and when I read in the Kansas City papers where Tanlac was helping so many people everywhere I made up my mind to give it a trial. Before I had finished half a bottle I had improved so fast that I felt like a different person and by the time I had taken three bottles I didn't need any more Tanlac for all my troubles had disappeared altogether. I can eat anything I want and digest it without any bad effects at all. I am not troubled with headaches and dizzy spells any more and the pains in my back have disappeared entirely. My nerves are normal and I can sleep sound all night long, and as I have gained so much strength and weight my complexion has cleared up, and I never have a trouble of any kind. I am certainly thankful for Tanlac and I feel it is my duty to tell others about this medicine."

Tanlac is sold in Jacksonville by Coover & Shreve; in Meredosia by Mr. R. B. Field; in Murrayville by M. E. Gilbert; in Waverly by Wyle Drug Co.; in Woodstock by The Hoy Pharmacy; in Chapin by John Onken & Bros.; and in Alexander by Frank J. Kaiser.—Adv.

## HOME MADE RECIPE

### CATARRH AND COLDS

Nonexpensive—Cut This Out.

Thousands are making this beneficial remedy at home and any one who has catarrh or a cold can do the same.  
Ask your druggist for three quarters of an ounce of Mentholized Arcine and pour it into a pint bottle, then fill the bottle with water that has been boiled.  
Gargle the throat as directed and sniff or spray the liquid into the nostrils twice daily. It's a simple way to get rid of cold and catarrh and keeps the nasal passage and throat so clean and healthy that germs of flu or any other germs will have a hard time gaining a foothold.

## WAS NERVOUS AND RUN DOWN

RESTORED TO NORMAL HEALTH BY BIO-FEREN

"I feel I owe you people a world of gratitude for the benefit I have received in using your wonderful remedy—Bio-feren Tablets, which have completely restored me to normal conditions," says Joseph E. Webb of Muncie, Indiana. Bio-feren is without doubt the grandest and quickest remedy for nervous, run down, weak, anemic men and women ever offered direct through the druggists and is not at all expensive.

Take two after each meal and one at bed time, and after seven days take one after each meal and one at bed time until the supply is exhausted.  
Then if you feel that any claim made in this special notice is untrue—if you are not in better health—if you do not feel ambitious, more vigorous and keenly minded, yes, twice as much as you did before, the druggist who sold you the tablets will gladly hand you back just what you paid for them.  
All druggists in this city and vicinity have a supply on hand, or can easily get it for you.  
Seven a day for seven days—Wonderful results.

**11 HENS LAY 221 EGGS A MONTH**

Mrs. Young Almost Gave Up Raising Chickens. Then She Tried This Plan.

"When I accepted your offer and tried Don Sung, I had been getting 1 or 2 eggs every other day. The next month, using 30 cents worth of Don Sung, my 11 hens laid 221 eggs. I almost gave up raising chickens, but now I have decided to raise as many as I can."—Mrs. F. C. Young, Bellefont, Pa.

Feed is too expensive to waste on idle hens. You can easily start your hens laying and keep them laying, even in coldest winter. To prove it, all you need do is accept our offer, as Mrs. Young did.

Give your hens Don Sung and watch results for one month. If you don't find that it pays for itself and pays you a good profit besides, tell us and your money will be promptly refunded.

Don Sung (Chinese for egg-laying) works directly on the egg-laying organs, and is also a splendid tonic. It is easily given in the feed, improves the hen's health, makes her stronger and more active in any weather, and starts her laying.

Try Don Sung for 30 days and if it doesn't get you the eggs, no matter how cold or wet the weather, your money will be refunded by return mail. Get Don Sung from your druggist or poultry remedy dealer or send 50 cents for a package by mail prepaid. Burrell-Dugger Co., 284 Columbia Bldg., Indianapolis, Ind.

No stone cold engine, no getting out to crank.

A few revolutions of the engine and it is running with midsummer action.

You get over ground quickly, get to your destination faster than in a bigger car.

This cold weather efficiency in a Maxwell is traceable to the Hot Spot and Rams-horn' which warm up, "break up" gas into a fine vapor.

The moment this reaches the cylinders it is converted into full power and you avoid the troublesome experience of "trying to get a car warmed up on a cold day."

This high efficiency and the fine quality of steels used in its construction have made for Maxwell friends by the thousands—to date more than 300,000 of them. 100,000 Maxwells are being built this year; which will supply 60 per cent of the demand.

### MAVERICKS

Thirteen members of an American ship were placed in irons for mutiny. Perhaps they now believe that 13 is an unlucky number.

Railroad engineers and firemen are going to ask for another increase in wages. If they keep on it won't be long until only millionaires can enjoy a railroad ride.

Those burglars who robbed the wholesale whiskey house in Chicago are more particular than drinkers around Jacksonville. They took only the best goods. Here they drink anything they can get and are thankful.

Judging from outward appearances Christmas night, there is still plenty to be had in Jacksonville.

Some New Year's Resolutions that might be made.

Jess Willard that he will not fight Jack Dempsey again.

Georges Carpenter that he will not fight him the first time.

President Wilson not to be a candidate for a third term.

The coal miners and railroad men that they will not ask for more than three increases in wages the coming year.

Bill Camp that he will quit worrying about the length of women's skirts, peckaboo waists, clocked stockings, and other things equally trivial.

The senate to stop talking about the peace treaty.

The wets to quit drinking.

The dries to stop where they are.

All of us to try to do a little bit better during the coming year.

Alexander Berkman, Emma Goldman et al. will not create much excitement in Russia where everybody is an anarchist.

President Carranza gave every man in his army a photograph of himself for a Christmas present.

It is presumed if he was mailing them to his friends that President Wilson and officials of the state department also received one.

Thank heaven, Christmas only comes once a year.

No need of swearing off, the government will do that for you January 16.

"Nobody knows how dry I am," will be the most popular song in 1920.

### EUROPE NEEDS RED BLOOD, NOT RELIEF

K. C. Leader Returns After Wind-Up of War Work—Pope Cried "Bravo" for Yanks' Reconstruction Plan.

Chairman William J. Mulligan of the Knights of Columbus Committee on War Activities, returned to New York last Tuesday after completing the organization's jobs of relief work for the A. E. F. The K. of C. activities in Europe are now reduced to providing instruction in languages and athletic and other entertainment for the remnant of the Army of Occupation, and acting as guides to American service men visiting Paris and other cities.

"The people of Europe are not as badly off as many would have Americans believe," said Mr. Mulligan. While there are distressful conditions in places, one detects symptoms of spoiling thru America's lavish assistance. Europe needs red-blood rather than relief, and it wouldn't be unacceptable if gratitude was shown to America for what she has done. Europe will take all we have to give and certainly we should give something. But we should ask for an accounting of everything we give and insist that the statesmen of Europe get down to business if they want to continue receiving our help. There is too much talk and not enough work in Europe."

Mr. Mulligan stated that Pope Benedict, who entrusted to him a Christmas blessing for the K. of C., exclaimed "Bravo!" when he heard of the extensive K. C. educational program for veterans of the war. "A most valuable contribution to peace," the Pope characterized the K. C. plan.

Through Mr. Mulligan Cardinal Mercier extended a Christmas and New Year's greeting to the American nation, thanking them for their cordial hospitality during his sojourn here, and thanking especially the Knights for their present internal drive for his reconstruction plans in Belgium. While in New York the Cardinal and King Albert were made members of the K. of C. The Cardinal, says Mr. Mulligan, recently met the King in Brussels and greeted him as "My Brother Knight of Columbus," as he said he would when he was initiated.

The Red Cross and the K. of C. Mr. Mulligan declared, saw to it that Americans in Warsaw had Christmas mail and supplies by establishing jointly an aerial line from Paris to Warsaw. The rail journey over that distance consumes four days; but the air journey is only ten hours and more certain. Lieutenant J. R. McDonald, a member of Detroit Council, K. of C., was the first pilot of the K. C.-Red Cross air line. The line was established at the request of the American ambassador in Warsaw, the K. of C. and the Red Cross each contributing 100,000 francs.

## "Jubilo"

"Tell them that you lied!"

In addition to being a cowpuncher with a punch, a humorist without effort, a wit without malice, an actor without pose, and an artist with bells on—

Will Rogers can also get mad!

As Jubilo he's a hobo, a rough diamond who rubbed up against a job until the sparkle of a man shone through.

Twice he made good!

Once when he beat up the cad who lied about Rose Hardy and next when he tried to take the blame for the big train hold-up that they were trying to hang on her father.

See Will Rogers — see his smile — see his titles — see his acting — he's the biggest photocomedy find since the motion picture was invented!

Watch for this Goldwyn Picture at Your Favorite Theater.

**HAS A BEARISH EFFECT ON CORN**

Chicago, Ill., Dec. 27.—Likelihood of a material increase of available supplies at terminal markets had a bearish effect today on corn. Prices closed heavy, 2 1/2 to 4 1/2c net lower, with January \$1.28 3/8 to \$1.28 5/8 and May \$1.27 7/8 to \$1.28. Oats finished 1 1/4 to 2c down, and provisions off 7c to \$1.

Liquidating sales on the part of holders began at the outset in the corn trade and continued throughout the session with buying power at a minimum. The fact that unlicensed owners could look forward to only three days more in which to get rid of January contracts did much to emphasize the downward tendency that values possessed owing to efforts of railroad officials to facilitate the crop movement. Denials that any order had been issued to give grain priority over all other freight received little notice as it was conceded that grain cars were to be given preference in repair shops and that cars suitable for carrying grain were not to be used for any other purpose in grain territory.

Big export buying said to aggregate 1,000,000 bushels, failed to uphold oats as against sympathy with the bearish action of corn.

Notwithstanding higher quotations on hogs, provisions were carried down by the weakness of grain.

**REGISTERS MANY ACCESSIONS TO GAINS**

New York, Dec. 27.—Except rails which were irregular or heavy on the opposition of organized labor to pending legislation, today's short but active stock market registered many accessions to yesterday's gains.

Pools and other professional interests forced heavy covering by bears in several of the more speculative issues, notably steels and equipments. Motors and their subsidiaries, particularly the rubber group, also were strong. The lively trading in stocks extended to bonds, with slight improvement in liberty issues. Total sales (par value) totalled \$1,650,000. Old U. S. bonds were unchanged on call during the week. An increase of about \$20,550,000 in actual reserves which cancelled last week's deficit, was the only noteworthy feature of the bank statement, aside from a decrease of \$64,300,000 in net demand deposits.

**CHICAGO LIVESTOCK**

Chicago, Dec. 27.—Hogs—9,000; mostly 25c to 35c higher; bulk \$13.75 to \$13.95; top \$14.00; heavy \$13.50 to \$13.90; medium \$13.85 to \$14.00; light \$13.75 to \$13.95; light light \$13.40 to \$13.60; heavy packing sows, smooth \$13.00 to \$13.50; packing sows rough \$12.25 to \$13.00; pigs \$12.40 to \$13.50.

Cattle—2,000; compared with a week ago; beef steers unevenly 25c to \$1.00 higher; she stock 25c to 50c higher; bulls 50c higher; calves 50c to 75c higher; feeders steady to 25c higher.

### CHRISTMAS CANTATA GIVEN AT LYNNVILLE

Sunday School Presents Santa's Auto Sleigh Before Large Audience—Much Credit Due Committee in Charge for Success of Affair.

A Christmas Cantata entitled Santa's Auto Sleigh was given in the church Christmas night before a large audience. The cast of characters follows:

The cantata was well given and much credit is due the committee, Mrs. L. R. Cronkhite, Gertrude Gordon and Claude Jewsbury.

The offering amounted to \$26.44. Thanks to all.  
Santa Claus—Edwin Gordon.  
Uncle Sam—Sherman Coultas.  
Grandpa—Homer Summers.  
Grandma—Alicia Gibbs.  
Father—Fred Jewsbury.  
Mother—Sallie Heaton.

Son—L. R. Cronkhite.  
Daughter—Hildreth Watson.  
Neighborhood children—Cleo and Mabel Summers, Frances Ranson, Virginia and Herchal Heaton, Pearl and Violet Cronkhite, Mildred Watson, Mildred Crouse and Harold Cooper.

Angels—Mildred Ranson, Janie and Jamina Cooper, Winifred Coultas, Floyd Blimling, Goldie and Nellie Hundley.

Sailors—Claude Jewsbury, James Heaton, Harold Campbell, Hal Ferguson, Eugene Cooper, Erastis Cooper.

Dr. Quick—Henry McNeely.  
Garage Man—Trusler Howe.  
Red Cross Nurses—Bernice Coultas, Lorena Watson, Margaret Heaton, Bell Campbell and May Morris.

Santa meets with an accident and is rushed to a hospital by Uncle Sam and sailor boys and kindly cared for by Dr. Quick and the Red Cross nurses, while the garage man repairs the auto.

Grandpa and Grandma do not enter into the new fangled notions of Christmas however, the father and mother, son and daughter do their utmost to make it a pleasant Christmas eve for them and the neighborhood children.

Uncle Sam and his sailors return to accompany Santa Claus on his journey while the Angel girls bring us the true message of Christmas.

## D. N. JAMES

Automobile Company

Closes Contract to Handle  
the Famous

## HUDSON

and

## ESSEX

Automobiles

Of the utmost importance to local motoring enthusiasts was the announcement made today that the D. N. James Automobile Co. has taken over the sale of Hudson Super-Six and Essex cars in this territory.

During the past ten years the Hudson has achieved a world-wide fame for its beauty and endurance. The Essex, which is also built in the Hudson factory at Detroit, was first introduced to the public in January, 1919, to fill the need for a light, five-passenger automobile of the highest quality.

From the very first it met with the overwhelming success, 20,000 Essex being built and sold in the course of the first year. Combining all the features of comfort, safety, luxury and beauty heretofore found only in the most costly cars with the additional advantage of moderate first cost and the utmost economy of operation, the Essex filled a real transportation need.

During its first year the Essex proved its leadership by capturing more worth while records than have ever been won by any stock car except the

Hudson Super-Six during such a short period of time. In an official 115 mile test at San Francisco it averaged 23 miles to the gallon of gasoline.

In competition against much larger cars the Essex broke all records in a 10-mile race over the mountainous course between Sacramento, Calif., and Lake Tahoe, covering the distance in three hours and three minutes, or 19 minutes faster than the best previous record which was made by a Hudson.

In the famous "rim-of-the-world" hill climb at San Bernardino, it won first place in the light car class and second place against the entire field, climbing eight miles to an elevation of nearly 5,000 feet in 19 minutes, 4 seconds. The only car to make better time was one costing nearly twice as much and having a motor more than twice as large as the Essex.

Although the Essex motor is only 20½ inches in length overall, it develops more than 58 horse power and its performance under all possible conditions has amazed the motoring world.

If you are in the market for a high grade car, we certainly can suit you, in size, style and price. Write, phone or call for demonstration or literature. Shall be glad to see you at any time.
